

Year 4 Term 4 – Electricity

We will learn:

- To identify common appliances that use electricity.
- To construct a simple series electrical circuit and name its basic parts.
- Identify incomplete and complete circuits.
- Recognise common conductors and insulators.

<i>electricity</i>	<i>The flow of an electric current through a material, e.g. from a power source through wires to an appliance.</i>
<i>appliances</i>	
<i>battery</i>	<i>A device that stores electrical energy as a chemical. Two or more cells joined together form a battery.</i>
<i>circuit</i>	
<i>mains electricity</i>	<i>Electricity supplied through wires to a building.</i>
<i>electrical conductor</i>	
<i>electrical insulator</i>
